

Chemistry 163L Course Syllabus

Fall 2022

Instructor: Dr. Sara Pistolesi

Office: 0755 Gilman

Phone: 515-294-0928

E-Mail: sarachem@iastate.edu (please insert "163L, section #, and topic" to subject line; please use your section TA as primary contact for basic questions)

Office Hours: Fridays @ 12:30-2:30 pm; in person or virtual (for virtual, please email beforehand)

Head TA: Alexander Volkov (avolkov@iastate.edu)

*Chem 163 and 163L are co-requisite courses, i.e., students in Chem 163L are required to take Chem 163 at the same time or to have already received credit in 163. Co-requisite course requirements are strictly enforced: Students who do not meet the co-requisite should drop the course or they will receive an F in the course. **Students who drop or audit Chem 163 will be required to drop 163L and vice versa.** Students may not register to audit Chem 163L after 5:00 PM on September 2nd. The audit does not count towards full-time student status. **To add or drop recitation or lab sections during the first week of class, use AccessPlus. After the first week, please email amwade@iastate.edu or call 515-294-6361. The last day to drop CHEM 163 is October 28th.***

Learning Objectives: (1) properly collect scientific data; (2) analyze and interpret a set of scientific data; (3) identify unknown substances with various techniques; (4) apply the law of conservation of mass to specific problems; (5) study the quantitative aspects of chemical reactions (empirical formula, stoichiometry, heat exchange, yield, etc.); (6) explore various chemical concepts (equilibrium, kinetics, atomic spectroscopy, etc.).

Required Items:

Laboratory Text: Provided free of charge on the course Canvas site.

Andrus educational supplies organic chemistry set (one for both lecture and lab). They are located in the Lab Supplies section of the Memorial Union Bookstore, near notebooks and office supplies. Students are encouraged to purchase in-store although online orders for pickup or shipping are available. However, please be aware that deliveries might be delayed and, therefore, you are strongly encouraged to order BEFORE the semester starts.

Safety Eyewear: UVEX — Model S040C Safety Glasses or Jones & Co. Visorgogs or Magid Glove and Safety Manufacturing "Sapphire" safety glasses. Safety eyewear may be purchased at the bookstore. If you already have goggles from other courses, you may use them as long as they are Z87 impact-rated. Other styles or types of protective eyewear will NOT be permitted.

Lab Coat: Available for purchase from the ISU Bookstore at the Memorial Union, ChemStores (Gilman 1400), or anywhere on the web. If you already have a lab coat from other courses, you may use it as long as the fabric contains more than 50% cotton to ensure it is flame resistant.

Important Course Policies:

1. It is the student's responsibility to make sure that homework is properly uploaded/submitted by the deadline. In case of technical problems, please email IMMEDIATELY your TA. Do not wait until the deadline has passed otherwise your work will not be graded.
2. It is the student's responsibility to check grades on Canvas on a weekly basis.
3. Any complaint on a grade **MUST** be brought up within 1 week of receiving the returned graded work to have the grade corrected. No exceptions.
4. Electronic devices of any type (e.g., laptops and cell phones) cannot be used in the lab. Students will be asked to leave their devices in their backpack. Students may be asked to take pictures with their cell phones of experiments set-ups or reaction products by their TA.
5. Each week, students will work with different lab partners. Lab partners will rotate on a weekly basis. The TA will assign partners at each lab period.
6. Presence at Lab Check-out is mandatory. Absence will result in 5 points being deducted from the last graded ELN.
7. If no teaching assistant shows up for your recitation/laboratory section, send one student to 1608 Gilman to find a substitute teaching assistant. The department will find a substitute as soon as possible.

Personal Protective Equipment (PPE): Safety eyewear, gloves (provided in lab), lab coat, face covering, and fully covered shoes are important components for lab safety. **Sandals are not allowed.** You will not be allowed to do the experiment if you are not in proper attire. **Goggles/lab coat/gloves/are to be worn at all times in the lab until all the chemicals have been put away. Please wear gloves when typing at the computer provided in lab.** Repeated offenses can result in dismissal from the course. In addition, *you are NOT allowed to wear PPE out in the hallway* so as to avoid contamination. **Failing to follow these safety rules will result in the loss of 5 points for each offense starting from the second warning.**

Pre-lab quizzes: You are expected to come to the laboratory prepared to do the work. **Prior** to each class you must have read the appropriate chapter in the electronic lab manual (found on Canvas). You are expected to complete the **pre-lab** quiz for the experiment before your class starts. Pre-lab quizzes may include questions about safety readings (the reading material is found on Canvas). **Late pre-lab quizzes will have 0 points and may not be completed after the due date.** Pre-labs are timed quizzes: once started you will have 30 minutes to complete the quiz in one session. You will be given up to three attempts (each 30 minutes) and the average of the scores will be taken.

Laboratory Notebook: Your laboratory teaching assistant (TA) will discuss the laboratory notebook at the check-in session during the first week of class. Laboratory experiments will be recorded using an electronic lab notebook (ELN) by LabArchives. In the laboratory, each student will have access to a computer. Your lab report will consist of four main parts: pre-lab writing (do not confuse this with the pre-lab quiz), in-lab notes, analysis, and reflective writing.

Pre-lab writing: You are expected to write the "pre-lab" part of the experiment prior to arriving in class (as evidenced by the timestamp). **Failure to have the pre-lab part completed before class will result in 0 points for that part of the lab report.**

In-lab notes: Methods and observation must be recorded on your ELN during your lab period (as evidenced by the timestamp). **Failure to have the notes completed DURING class will result in 0 points for that part of the lab report.**

Analysis and Reflective writing: Graphs, final data analysis, and calculations as well as reflective writing may be added after your lab period.

Finally, you must submit your ELN **by 11:59 p.m. of three days after the experiment** (e.g., for Monday labs, submit by 11:59 p.m. of Thursday). **Late lab reports will have 0 points (no partial credit).**

Post-lab quizzes must be completed before the next experiment. You will be given three attempts and 1 hour (for each attempt) to complete the quiz in one session. **Late post-lab quizzes will have 0 points and may not be completed after the due date.**

Safety assignments: You have four Safety readings for the first four labs. Each has a corresponding quiz. Safety assignments must be completed on-line on Canvas. They must be completed by the deadline (see schedule). No excuses are accepted for missing a due date.

Missed Experiments and Practical Exams: In general, **there are NO MAKE-UP laboratories.** At the end of the semester, the top 9 experiment scores for each category of pre-lab quizzes, ELNs, and (top 10 for) post-lab quizzes (irrespective of the experiment they belong) will be used to calculate the final grade. Missed experiments will have a score of zero, regardless of the circumstances. **Missed Practical Exams will be counted as zero.** All four safety quizzes will be counted for final grade.

NOTE: Drops are automatically updated on a daily basis starting from week 2. The grade you see on Canvas is already comprehensive of the allowable drops.

Reschedules: Students are allowed to re-schedule one laboratory session due to illness or university-sponsored trip. It is possible to re-schedule the missed lab only if the make-up lab is scheduled during the same week. Please email the following THREE people (within the same email, not three different emails) to re-schedule a lab session: the course instructor Dr. Sara Pistolesi, the head TA, and your section TA. Please write “RESCHEDULE, COURSE #, SECTION #” in the subject line.

Grading: The score for each experiment is made up of three parts, each with a different weight: pre-lab quiz ($9 \times 20 \text{ pts} = 180 \text{ pts}$), ELN report ($9 \times 40 \text{ pts} = 360 \text{ pts}$), post-lab quiz ($10 \times 40 \text{ pts} = 400 \text{ pts}$). In addition, the final grade will depend on four safety quizzes ($4 \times 4 \text{ pts} = 16 \text{ pts}$), and three practical exams ($3 \text{ exams} = 116 \text{ pts}$). **Total pts = 1072 pts.**

Grading scale for final grades: A > 93.00%, A- > 90.00%, B+ > 87.00%, B > 83.00%, B- > 80.00%, C+ > 77.00%, C > 73.00%, C- > 70.00%, D+ > 67.00%, D > 63.00%, and D- > 60.00%, and F < 60.00%.

Please note that, with the 6 drops granted (2 for pre-lab quizzes, 2 for ELNs, and 2 for post-lab quizzes), your grade is already higher than it was before the assignment drops. Therefore, NO GRADE ROUNDING OR CURVE WILL BE APPLIED. NO EXCEPTIONS.

Statements

Academic misconduct: Academic Misconduct in any form is in violation of ISU *Student Disciplinary Regulations* and will not be tolerated. This includes, but is not limited to: copying or sharing answers on tests or assignments, plagiarism (including from lab manual), submitting a lab report for an experiment not performed, and having someone else do your academic work. Anyone suspected of academic dishonesty will be reported to the Dean of Students Office.

(<https://www.studentconduct.dso.iastate.edu/academic-misconduct>).

Public Health: If you are not feeling well, you should stay home and focus on your health. Should you miss class due to illness, it is your responsibility to work with your instructor to arrange for accommodations and to make up coursework, as consistent with the instructor's attendance policy. You may choose to wear a face mask and/or receive the COVID-19 vaccine and boosters, as well as other vaccines such as influenza, but those options are not required. Thielen Student Health Center will continue to provide COVID-19 vaccinations free-of-charge to students. The university will continue to offer free masks and COVID-19 test kits during the fall 2022 semester. Other wellbeing resources for students are available at: <https://www.cyclonehealth.iastate.edu/wellbeing-resources/>

Public health information for the campus community continues to be available on Iowa State's public health website. All public health questions should be directed to publichealthteam@iastate.edu.

Accessibility Statement: Iowa State University is committed to assuring that all educational activities are free from discrimination and harassment based on disability status. Students requesting accommodations for a documented disability are required to work directly with staff in Student Accessibility Services (SAS) to establish eligibility and learn about related processes before accommodations will be identified. After eligibility is established, SAS staff will create and issue a Notification Letter for each course listing approved reasonable accommodations. This document will be made available to the student and instructor either electronically or in hard-copy every semester. Students and instructors are encouraged to review contents of the Notification Letters as early in the semester as possible to identify a specific, timely plan to deliver/receive the indicated accommodations. Reasonable accommodations are not retroactive in nature and are not intended to be an unfair advantage. Additional information or assistance is available online at www.sas.dso.iastate.edu, by contacting SAS staff by email at accessibility@iastate.edu, or by calling 515-294-7220. Student Accessibility Services is a unit in the Dean of Students Office located at 1076 Student Services Building.

First amendment Statement: Iowa State University supports and upholds the First Amendment protection of freedom of speech and the principle of academic freedom in order to foster a learning environment where open inquiry and the vigorous debate of a diversity of ideas are encouraged. Students will not be penalized for the content or viewpoints of their speech as long as student expression in a class context is germane to the subject matter of the class and conveyed in an appropriate manner.

Laboratory Experiment Schedule**163L****Fall 2022**

Week #	Week of	Experiment
1	Aug 22	Lab Check-In, Safety Orientation, Introduction to ELN, <i>Safety Assignment 1</i>
2	Aug 29	Chemical and Physical Properties, <i>Safety Assignment 2</i>
3	Sep 5	Chemical and Physical Properties (continued), <i>Safety Assignment 3</i> *Monday lab sections will not meet due to University Holiday: lab work must be completed as much as possible during week 2.
4	Sep 12	Measurements, <i>Safety Assignment 4</i>
5	Sep 19	Polymers
6	Sep 26	Calorimetry
7	Oct 3	Practical Exam 1 (Tasks 1 and 2)
8	Oct 10	Three-Dimensional Structure of Chemicals
9	Oct 17	Atomic Spectroscopy
10	Oct 24	Conservation of Matter: Copper Recovery Cycle
11	Oct 31	Oxidation-Reduction Reactions + Practical Exam 2
12	Nov 7	Acid/Base Titrations
13	Nov 14	Kinetics + Practical Exam 3
14	Nov 21	<i>Thanksgiving Break – no classes</i>
15	Nov 28	Reversible and Irreversible Processes
16	Dec 5	Lab check-out - Attendance is mandatory (5-point penalty)
